Subject: Nuffic Scholarship Opportunities for participants from Thailand and Cambodia

Dear Sir, Madam,

The Netherlands organisation for international cooperation in higher education (EP-NUFFIC) offers fellowships to participate in training courses in The Netherlands. The aim is to promote capacity building within organisations in eligible countries via training and education for professionals. This is initiated and (almost) fully funded by the Dutch Ministry of Foreign Affairs from the budget for development cooperation.

The Hague Academy for Local Governance is proud to offer short courses which qualify for the Netherlands Fellowship Programmes (NFP) and MENA Scholarship Programme (MSP). For more information about the eligibility criteria and the application procedure please see our website: <http://thehagueacademy.com/blog/2016/12/nuffic-fellowships/>

The next opportunity to apply for a scholarship starts on the **24th January 2017** and the deadline for application is the **7th of March 2017**! The training courses are:

- **Multi-Level Water Governance (18– 29 September, 2017)**
The Hague Academy for Local Governance organises a two-week, practice oriented training course on water governance in which leading international experts and practitioners provide you with a unique insight into international best practices and water governance tools.
- **Conflict, Rule of Law and Local Security (30 October – 10 November, 2017)**
In this training you will get an insight in the roles of different governmental and judicial institutions in restoring security and legitimacy. Broaden your understanding of local security and discuss different approaches and tools for conflict analysis. Increase your knowledge on the general notions of rule of law and human rights case-law.
- **Local Economic Development (20 November – 1 December, 2017)**
This course discusses strategies and tools to manage inclusive and sustainable local economic development (LED) processes. It addresses questions such as: how to develop a joint vision for the area in a participatory manner, involving government, citizens, businesses and CSOs? How to promote job creation and entrepreneurship? How to improve conditions for business investments and small and medium enterprises? And how to finance local economic development?

We would appreciate it if you could forward this email to relevant institutions and possibly promote this on the website of the Embassy. If you have any questions, please email us at info@thehagueacademy.com.

Obligations for NFP and MSP fellowship holders

Corresponding to NFP and MSP Grant Conditions version 5 April 2016

Netherlands Fellowship Programmes (NFP)

The Netherlands Fellowship Programmes (NFP) is a scheme initiated and fully funded by the Dutch Ministry of Foreign Affairs under the budget for Development Cooperation.

The overall aim of the NFP is to help alleviate qualitative and quantitative shortages of skilled manpower within a wide range of governmental, private and non-governmental organizations. This by offering fellowships to mid-career professionals to improve the capacity of their employing organizations. The need for training has to be evident within the context of an organization.

Middle East and North Africa Scholarship programme (MSP)

The Middle East and North Africa Scholarship Programme (MSP) offers scholarships to professionals from ten participating countries and is funded by the Dutch Ministry of Foreign Affairs.

The overall aim of the MSP is to contribute to the democratic transition in the participating countries. It also aims at building capacity within organisations by enabling employees to take part in diploma or other courses. While scholarships are awarded to individuals, the need for training must be demonstrated in the context of the organisation for which the applicant works. The training must help the organisation develop its capacity.

NFP and MSP fellowships

An NFP/MSP fellowship is intended to supplement the salary that the fellowship holder should continue to receive during the study period. The allowance is a contribution towards the costs of living, the costs of tuition fees, visa, travel, insurance and thesis research. If applicable, the fellowship holder is expected to cover the difference between the actual costs and the amount of the personal NFP and MSP allowances.

The fellowships are awarded in a very competitive selection to highly motivated professionals who are in a position to introduce the newly-acquired skills and knowledge into their employing organization.

Obligations for NFP and MSP fellowship holders

NFP and MSP fellowship holders should be informed by the Grant Recipient about the articles in the NFP and MSP Grant Conditions to which they must comply. The information below is the minimum information fellowship holders should be informed about.

1. The Dutch institution as well as the fellowship holder and alumni is required to cooperate in surveys or evaluations conducted by Nuffic or the Netherlands Ministry of Foreign Affairs and to provide the requested information. [article 3 of the Grant Conditions]
2. The fellowship holders personal data will be used by the NFP and MSP programmes, the Ministry of Foreign Affairs, the Netherlands embassies and Dutch institutions for administrative, assessment, selection and alumni purposes (Holland Alumni Network - www.hollandalumni.nl/nfp) in accordance with the Dutch Personal data Protection Act (*Wet Bescherming Persoonsgegevens*). [article 4 of the Grant Conditions]

3. EP-Nuffic and the Dutch Ministry of Foreign Affairs do not accept any responsibility, financially or otherwise, for expenditures (or liabilities emerging from these expenditures) or liabilities arising from activities funded by the grant. [article 9 of the Grant Conditions]

4. The Dutch institution can submit a request for an NFP grant to subsidize individual NFP fellowships for candidates, who comply with the following eligibility criteria:
 - a) The candidate must be a professional and a national of, and working and living in one of the countries on the NFP country list valid at the time of application;
 - b) The candidate must not be employed by an organisation which can be expected to have their own funds for staff development, e.g.:
 - a multinational corporation (e.g. Shell, Unilever, Microsoft)
 - a large national and/or a large commercial organisation;
 - a bilateral donor organisation (e.g. USAID, DFID, Danida, Sida, Dutch ministry of Foreign affairs, FinAid, AusAid, ADC, SwissAid);
 - a multilateral donor organisation (e.g. a UN organisation, the World Bank, the IMF, Asian Development Bank, African Development Bank, IADB);
 - an international NGO (e.g. Oxfam, Plan, Care).
 - c) The candidate must have a current employer's statement which complies with the format EP-Nuffic has provided. All information must be provided and all commitments, which are included in the format, must be endorsed in the statement;
 - d) The candidate must have a government statement that meets the requirements of the country in which the employer is established (if applicable);
 - e) The candidate must have an official passport valid at least three months after the submission date of the registration form by the candidate.

5. In addition to the criteria mentioned above the following criteria apply for MSP:
 - a) The candidate must be a professional and a national of, and working and living in one of the countries on the MSP country list valid at the time of application;
 - b) The age of the MSP candidate must not exceed 45 years at the time the grant request is submitted. [article 13 of the Grant Conditions]

6. The candidate must not receive more than one NFP fellowship for courses/programmes that take place at the same time. [article 35 of the Grant Conditions]

7. The Dutch institution is explicitly responsible for:
 - a) organising and conducting the course(s) or programme(s) and the PhD research to which fellowships are awarded;
 - b) guaranteeing that the fellowship holders receive the course(s) or programme(s) or can perform PhD research as agreed without any further charges;
 - c) applying for visas and residence permits for fellowship holders, if applicable;
 - d) arranging fellowship holders' flights;
 - e) arranging health insurance for the fellowship holders;
 - f) arranging housing for the fellowship holders;
 - g) disbursing the fellowships to fellowship holders as outlined in Annex 1;

8. The fellowship holder must comply with the immigration procedures of the Netherlands or NFP or MSP country where the course or programme is held. The fellowship will be cancelled if the fellowship holder does not comply with these immigration procedures or cannot obtain a visa for any reason.

The aims of the NFP and MSP cannot be achieved if the fellowship holder does not return to his or her home country and employer.

The fellowship holder is required to leave the Netherlands as soon as possible the end of the fellowship period. After the end of the fellowship period all rights and claims related to the fellowship expire. The Immigration Authorities (IND) will be notified of the end of the fellowship period by the Dutch institution.

For more information on visa and the residence permit, fellowship holders should contact the Dutch institution.

9. If the fellowship holder arrives after the start date of the course or programme or leaves before the end of the course or programme, allowances and reimbursements covered by the fellowship will only apply to the shorter period.
10. The fixed reimbursements for subsistence allowance, study materials and if relevant E-learning facilities as stated in Annex 1 are to be deployed for the fellowship holder. The other fixed reimbursements are expected to meet on average the fellowship expenses paid for by the Dutch institution. [article 30 of the Grant Conditions]

The Dutch institution determines how the reimbursements are paid (e.g. in cash, in kind, by bank transfer etc.).

11. All fellowships for short courses and master's degree programmes have a nominal study period which can be extended with 3 months unfinanced extension. PhD fellowships can be extended with 9 months unfinanced (budgetary neutral) extension. [article 32 of the Grant Conditions]
12. The Dutch institution may grant a financed extension with a maximum duration of 3 months to fellowships for NFP-Master's degree programmes and NFP-PhD. For fellowships for NFP-Short Courses a financed extension with a maximum of 3 days may be granted by the Dutch institution. The Dutch institution can only grant a financed extension if the following conditions apply:
 - a. Only severe health issues of the fellowship holder or death of a first-degree relative of the fellowship holder are justifications for a financed extension with a maximum of three months;
 - b. A financed extension comprises of the fixed reimbursement for subsistence allowance and the insurance fee times the amount of months or days which are approved for financed extension;
13. Applications that are nominated and eligible but not selected for a fellowship in the MA April 2016 deadline, can be nominated for an NFP MA partial fellowship (May 2016 deadline).
